The Quick Order Tool allows you to place orders for items that are on your price list. This simple tool has three steps to follow: shop your list, make selections and place your order!

The items on your list are searchable and filterable, making it easy to find items you need quickly. To make edits to your list, contact your Nutra Blend customer service representative.

1 Shop the List

Search Bar

Select the search bar and enter a keyword to begin your search. You can search for products by entering an item number or name.

Item list

The following list contains items that are on your price list. You can sort the list by selecting the headers at the top.

2 Make Selections

Selected Items

When you have updated the quantity of an item, a green checkmark will appear next to the line item to indicate that the item has been selected to order.

Clear Selection

Items will remain selected until you check out. If you would like to remove all selected items, use the Clear Selection button to remove them.

3 Place Your Order

Add to Cart

Adjust the quantity of the item you would like to order using the arrows or type in the exact amount. To add the items to your cart, select the "Add to Cart Button" button.

Buy it Now

Use the buy it now button to add your selected items to the cart and automatically be taken through the checkout process.
